## CARINTHIA. MOND. DRAU.

Get Inspired.

# vogt

Pure Quality. Pure Design.

# CARINTHIA

Designed to withstand  
the test of time

The classic air of the Carinthia collection grounds itself in timeless artistic influence.

Available in finishes of brushed gold, brushed nickel, polished nickel and chrome, the line echoes the grand architecture of longstanding European cities, with their elegant bridges and beams. Incorporate old-world glamour with Carinthia's bathroom and kitchen fixtures.

# MOND

Ethereal elegance conjures  
sophisticated simplicity

Mond, which is German for Moon, captures the ethereal essence of our latest collection. The dreamy Mond collection is as widespread as the starry night sky, with an array of options to suit your unique desires.

The collection includes three kitchen faucet designs, three handle options and two lavatory faucet designs that come in a range of finishes, from chrome to matte black and gold.

The collection's texture and elegant carvings evoke a graceful symmetry. Fluting, an effect created with shallow grooves that playfully flicker light across the surface of the designs, is used throughout the collection. The handles also have interchangeable colours for easier customization, casting your design vision into space with endless room to play.

# DRAU

Enhancing efficiency in the  
soul of the home

The Drau workstation incorporates thoughtful details that create an ease and flow of movement in the kitchen. A multifaceted kitchen staple equipped with a variety of key components, Drau features a bamboo cutting board, grid, strainer and colander.

With its stainless steel finish and radius corners for easy cleaning, the Drau workstation is designed with efficiency in mind, making the home cooking experience all the more purposeful and pleasurable.
