Pure Quality. Pure Design.

As Canada's fastest growing manufacturer, Vogt is innovative, current and fashion forward when it comes to the design and creation of our products. Every product we produce is designed with a distinctive look that will not only complement one's lifestyle, it will also provide reliability for years to come.

Taking great pride in producing the finest quality products, Vogt stands behind everything we manufacture. Our products are crafted from the highest quality materials curated from around the world. It is our passion to come up with creative solutions that provide the esthetics, functionality and quality that consumers crave today.

Our headquarters and main distribution facility is located in Toronto, Canada. All Vogt products meet or exceed North American certification standards such as CuPC, CSA and WH. Many of our faucets and shower components are ADA compliant and Watersense certified.

Pure Quality. Pure Design. It's our commitment to you.

KAPFENBERG COLLECTION

It's about proudly displaying the building materials that many try to conceal. It's about adding a raw, industrial strong look to the most thoughtfully designed homes. It's about selecting pieces that are as much about function as style. Industrial and bold in appearance, our Kapfenberg collection celebrates this growing trend.

WÖRGL COLLECTION

Inspired by the theory of “less is more”, the Wörgl series looks at minimalism as not just a plain white box or cool ultramodern environment, but as a starting point that looks at exceptional functional design while providing a simplified aesthetic look.
