

Kitchen Collection 2019

vogt

Pure Quality. Pure Design.

As Canada's fastest growing manufacturer, Vogt is innovative, current and fashion forward when it comes to the design and creation of our products. Every product we produce is designed with a distinctive look that will not only complement one's lifestyle, it will also provide reliability for years to come.

Taking great pride in producing the finest quality products, Vogt stands behind everything we manufacture. Our products are crafted from the highest quality materials curated from around the world. It is our passion to come up with creative solutions that provide the esthetics, functionality and quality that consumers crave today.

Our headquarters and main distribution facility is located in Toronto, Canada. All Vogt products meet or exceed North American certification standards such as CuPC, CSA and WH. Many of our faucets and shower components are ADA compliant and Watersense certified.

Pure Quality. Pure Design. It's our commitment to you.

VOGRANITE

PREMIUM GRANITE SINKS

Vogranite is a quartz composite that is extremely resistant to impact, heat, chips and scratches. The non-porous surface does not support bacterial growth. No chemical cleaners are required. Vogranite features uniform colouring that does not fade.
